

Dr. Gary K. Lambert

Dr. Gary K Lambert is a minister at Seed of Abraham Fellowship and founder of newly forming torahville4kidz.org. He has been in ministry for over 40 years. Nearly 12 years ago the Ruach HaKodesh (Holy Spirit) opened his eyes to the Hebraic heritage found in and throughout the whole of Scriptures. Today he leads Shema Connection, a Saturday evening service and is developing a new web based ministry for the family called Torahville4kidz. His passion is to reveal Yah's Word as not just knowledge but wisdom to be applied to our lives as we grow into the kingdom people Yahweh desires us to be. "It's not what we know but who we are becoming."

Having come from a Christian background serving with multiple denominational groups, Dr. Gary has always tried to be a person who embrace the whole Word of Yah but found many doctrines to be at best puzzling. He began to struggle with questions that seemed to be contrary with what the Scriptures said. He struggled with the, "Don't worry about it, it's under grace" mentality. If YHWH (the only God) is the same yesterday, today and forever, then isn't His Word never changing as well, and binding? Stumped by religious doctrines, theology, systematic and philosophical thinking Dr. Gary began to search the Word, comparing the Word with itself to find the answers. By putting it back in the contextual origin of its authorship, that is when things became more clear. The Ruach HaKodesh was leading into a deeper understanding of not only who YHWH was but what He desires for each of us as believers in His Son, Yahsuha.

Today, the journey continues but with one surprising bonus. The more you trust the leading of the Ruach HaKodesh to reveal YHWH's Word to you, the more of a personal relationship you have with your Creator, Elohim Yahweh and His Son Yahshua. If you want a close relationship with your Creator you have to get to know His Word.

Gary will be our keynote "INTROspective" speaker on Wednesday evening of the conference. And he will lead a kid's session on Thursday afternoon with Torahville4kidz materials. And He will give us a presentation exploring the meaning of Sabbath at our Friday evening Dinner. We are so thankful to Yah for Gary!

Wednesday talk: "What is a Called Out One?"

Exploring the faith walk we have after we have come to the knowledge of Messiah Yahshua's saving grace. Faith without works is dead, what does that mean? How does that apply to us today or does it? What does that look like in a busy ever changing world.

Friday Evening Shabbat Meal: "Shabbat is more about the Who than the What"

What is Shabbat? Where did it come from? What makes it so special? Is it relevant to us today? If so, what am I to do on Shabbat?
